A Better Average Line of Beeves Offered This Week Than Last and

MARKET FIRM ON BUTCHER GRADE

Prime Heavy Cattle No Longer Offered or Called for liere.

GOOD SHEEP AND SWINE IN DEMAND

OFFICE OF THE DISPATCH, PITTSBUES, WEDNESDAY, May 25. There have been all told 72 carloads of cattle on sale this week at the East Liberty yards, against 70 loads last week and 80 loads the week before. About twothirds of this week's offerings were from Chicago. The average quality showed some improvement over last week's. There were no heavy prime beeves on sale, and there is no longer any demand for this grade in our local yards. Buyers were present in fair force on Monday morning, and markets opened strong and active at last week's prices on all desirable butcher prices on all desirable butcher grades, and steady all along the line. Good feeders weighing from 1,100 to 1,200 lbs were particularly active. The his hest price paid was for 12 head of Southern Ohio beeves, which averaged 1,468 lbs. The price paid was \$4.70. With this exception \$4.45 was the top of the market. All offerings found ready sale, and there were scarcely any left in the pens this morning. Fresh cows were in liberal supply, and quality was in the main low. The few choice on sale were promptly taken at outside figures, \$45.00 being the top of the market.

The run of yeal calves was much lighter The run of veal calves was much lighter this week than last, and prices were ad-vanced fully 30c per cwt. Sales were re-ported as high as \$5.75, whereas in the early part of the month the top of the market was under \$4.75. There have been about 35 car-loads of hogs on sale this week and markets loads of hors on sale this week and markers were steady at about the same price as week ago. Top price was \$5 10. Good sheep were in good demand at a shade better prices than last week, while common stock was weak and slow. Spring lambs are of 1620 P 5 from last week's prices.

A Live Stock Firm's Review, Following is the report of the week's transactions by Holmes, Briggs & Co.: We report 68 cars cattle on sale Monday, 42 loads being from Chicago and 26 loads from Oblo and Indiana. The quality was about the same as last week with the exception of two or three loads from Southern Oblo, which were good to prime and sold about 20 cents higher than the best last week. The attendance of buyers was about the same as usual, and about all the offerings were disposed of before 12 o'clock. Since Monday receipts have been light and everything sold at steady prices. There was a liberal number of cows on the market, and all but good fresh cows were dult sale at a shade lower prices than last week. Veal calves were active at 25 to 40 cents advance owing to light run and good demand. The supply of hogs on Monday was a little short of demand and an active trade followed with prices 10 to 15 cents better than the close of last week. Since Monday receipts have been light and Monday's prices held strong witch everything sold. There were 25 loads of sheep on sale Monday, which net with ready sale at 10 to 15 cents per hundred higher than Monday of last week. There were nine loads fresh arrivals on Tuesday and all sold at full Monday's prices. As long as the sheep market in the East continues good we can count of good prices from Ohio and Indiana. The quality was Tuesday and all sold at full Monday's prices. As long as the sheep market in the East continues good we can count of good prices here. We quote good to prime cattle, \$4 25 to \$4 75; fair, \$4 25 to \$4 60; cowmon, \$3 50 to \$4 00; cows and buils, \$2 25 to \$3 50; fresh cows and springers, \$20 to \$45. per head: veal culves, \$5 50 to \$5 75.

Hogs, \$4 20 to \$5 10. Good to prime sheep, \$5 25 to \$50; fair, \$5 00 to \$5 25; medium to common \$3 50 to \$4 50; tail ends, \$1 50 to \$3 00; good to prime vearthings, \$6 00 to \$4 60; fair to good, \$5 50 to \$75; common, \$4 25 to \$4 75; spring lambs, 7 to 9 cents per pound.

A SCRAMBLE IN DEAD HOGS.

Excitement and a Bulge in Provisions the Feature on the Chicago Board-The Strength in Grain Helps the Bulls-Wheat and Corn Uninteresting.

CHICAGO-A frantic scramble in the pro rision nit to-day outrivaled anything done by the wheat and corn crowds. For two or three days the local scalping trade have played for a break in prices, and while creating a short interest failed to depress prices to any extent. The chief ob-stacle appeared to be the firm advance in the grain markets. When the large receipts of 33,000 hogs this morning failed to break prices at the yards and the packers showed a disposition to continue the buying of ribs, there was alarm among shorts. Then the grain mar kets made a quick bulge, and this started the scalpers to cover. The excitement was intense and prices went up sharply. The sdvance amounted to 425c in pork, 20c in short ribs and 125c in lard. Later in the

rdvance amounted to 42%c in pork, 20c in short ribs and 12%c in lard. Later in the day, when the grain markets weakened, there was a setback in provisions also. Pork closed about 173c over yesterday; ribs, 12%6 lbc higher, lard, 2%c up.

Business in wheat was only moderate. The opening was weaker and prices 32%c lower; then became stronger, and prices rallied 13%c; again cased off, declining 3/c; fluctuated slightly, and closed about 3/c lower than yesterday. The lower opening was due to brighter and warmer weather here and lower cable advices. At the decline a sharp demand developed, a good many buying orders being received from the Southwest, based, it was claimed, on unfavorable reports of the growing crop. Prices rallied sharply, but when an effort was made to realize prices declined and the advance was entirely lost. Operators are not inclined to do much at present, except in a small entirely lost. Operators are not inclined to do much at present, except in a small speculative way, there being a disposition to await developments. The alleged killing off of the Hatch bill was one of the buil ar-guments to-day, while a strong bear card was the rumor of an important failure in Lon-

Corn transactions were, in the main, for Corn transactions were, in the main, for local account, and on the improved weather first trades were at 1/20%c decline. The market, however, soon sold up 1201%c on dispatches speaking of clouds and in sympathy with the bulge in wheat and provisions, but did not hold, declining soon alterward 11/20 13%c changed some and closed with July 1/20%c lower. May was firmer at 65268c, but was seldom mentioned. The great quantity of "dry" corn predicted for this market this week has not yet made its appearance. Onto opened about 3/2c lower, improved 3/2c, and then lost nearly all of the advance, following wheat and corn closely all the time. The shorts in the current month were either all covered or satisfied to await developments.

The Hutchinson Property on Fifth Avenue Changes Ownership.

A BIG DEAL ON WYLIE AVENUE.

More Light on Recent Transactions in the Highland Park District.

FEATURES OF MONEY AND SPECULATION

The Hutchinson property, corner of Fifth venue and Masters alley, lot 20.6x30, and a three-story brick building, changed ownership yesterday through the agency of Black & Baird. The price could not be ascertained, as the firm declined under instructions from the principals to give publicity to details at present, but it probably breaks all former records on central business property. This place, it will be remembered, was offered at public sale a few weeks ago and withdrawn on a bid of \$43,500.

Important Sale on Wylie Avenue. The most important transaction in Wylie avenue realty for five years or more was completed yesterday by J. C. Reilly. He sold for Major A. M. Brown to Marks Browarsky two lots, each 24x90, with two good buildings, one of 13 rooms and the other of 12, on the corner of Wylie avenue and Federal street, for 30,000. This price, while by no means extravagant for good property, elevates the standard somewhat in that quarter, and shows that owners know full well the value of their holdings.

Movements Around Highland Park. The Flinn-Howley deal in Highland Park property, some particulars of which were made public yesterday, was consummated last week. This reference to the transaction appeared in this column on Sunday: "Senator Flinn has, according to report, made an investment in the Highland Park district amounting to nearly \$200,000." As district amounting to nearly \$200,000." As another deal in the same neighborhood was pending at the time, it was considered in-judicious to say more. Several other interesting events have occurred in this lively quarter which will come to the surface before long. The purchaser of the Fite property, a short distance from the Howley tract, for \$65,000 has been a close secret for tract, for \$65,000 has been a close secret for several weeks, but it can now be stated that Chief Bigelow is the man. He saw that owners were marking up values, and concluded to secure the property before it made another bulge. It is understood he has or will offer it to the city at cost. This, as well as part of the Howley tract, is needed to perfect the park boundaries on the south and southwest.

A Deal in Acres. A deal in acreage in the Wilkinsburg district was disclosed yesterday by a citizen of Edgewood. He reported that Archie Dewey had purchased 11 acres, improved, situated near the junction of the Greensburg and Northern, or Salem, turnpikes, for \$5,250, or a little over \$478 an acre. The property was formerly owned by Mrs. M. Carothers. Whether the sale was direct or through greater is not known as the sale was direct or through

Whether the sale was direct or through agents is not known.

Yesterday's Building Permits.

Yesterday was one of the best of the year in the building line. Sixteen permits were issued for 27 improvements, at a total estimated cost of \$59,200. The most important are: C. N. Smith, brick store and dwellings, Sixteen strate and Butler, Eighteen th ward, \$50,000; William Fox & Co., ten brick and Wellings on Rippey street, Nineteenth ward, \$50,000; Williams & Brown, two frame dwellings on Wilbert street, Thirty-second ward, \$1,800; Isabella Smeigh, frame dwelling on Howe street, Therefore, the more stand ward, \$2,500; Otto Leithoff, frame dwelling on Southern avenue, Thirty-second ward, \$2,500; Otto Leithoff, frame dwelling on Southern avenue, Thirty-second ward, \$2,500; Otto Leithoff, frame dwelling on North avenue, Allegheny. It will cost \$18,000.

ne Manipulation of Grangers for Lower Prices-Increased Interest in Richmond and West Point-The General Business Duller but Stronger.

New York, May 25 .- The stock market today was still less animated, but there was a gratifying change in the temper of the dealings from weakness to strength, the demand from the shorts causing the placing of prices in the general list upon a materially higher plane, which even the continued manipulation of the Graugers for lower prices was not able to

shorts, were all from % to 1% per cent better than the finals of last night, and further improvement was made during the first hour, which brought prices up to a level which was in but few cases surpassed during the rest of the day. The check was given to the advance by the drive at the Grangers, in which both St. Paul and Rock Island were specially prominent for weakness: but the limit of this reached the entire market after the slight reaction, moved forward again, though the progress was slow for the remainder of the day.

The special feature at this time was the rapid rise in Cordaze preferred, which succeeded in almost catching up with the common before the close of the day; but later the Coal stocks again assumed the leadership in the market. Union Pacific was, also, a strong feature, and the losses in the Grangers were then made up with something to spare. The market closed with a spurt of activity under renewed covering, and very strong at the highest prices of the day.

The total sales of stocks to-day were 314,638 shares, including: Atchison, 18,290; Delaware, Lackawanna and Western, 3,710; Erie, 10,286; Louisville and Nashville, 6,110; Manhattan, 3,312; Missouri Pacific, 6,260; North American, 40; New Jersey Central, 3,450; Northern Pacific preferred, 15,300; New England, 3,320; Reading, 69,500; Richmond and West Point, 12,880; St. Paul, 21,635; Union Pacific, 9,100; Western Union, 5,606.

Railroad bonds were active, and while Atchison incomes and the Reading issues were specially prominent in the dealings, there was a large and well distributed business in the rest of the list, the total reaching \$2,871,000.

The following table shows the prices of active stocks on the New York Stock Exchange yester-

PITTSBURG, WEDNESDAY, May 23. {
COUNTRY PRODUCE—Jobbing Prices— The egg market has been lower here of late than at other trade centers, and prices begin to show an upward tendency. Sales of single cases are reported at 17c. At this price there is little margin to the Western shipper. Dairy products are lower all along the line, as our quotations will disclose. Country butter is a drug on the market, and all under fancy is hard to sell at any price. A fair quality sells as low as 10 to 12c per pound. The top price of cream-ery in New York yesterday was 2c per pound below Pittsburg's top price. The quality of strawberries on the market shows decided improvement on recent receipts, Choice berries find ready sale at 20c per box. There are very few old potatocs of good quality on the market. Offerings in this line are dull at the same old prices.

Lumber

Good dry building lumber is in limited supply and markets are firm, with a pros-pect of better prices when the building season fully opens. The time for activity in hard wood lines is not yet, but well-seasoned oak and poplar are reported scarce and firm.

The Drygoods Market,

The Drygoods Market.

New York, May 25.—Business in drygoods was better as the result of better weather, delayed demand being brought forward. There was, however, no special activity, and considerable sales were only here and there. The situation is a strong one, and would quickly reflect any important active demand. There was no new development, and details lacked fresh interest. The anction sale of 14,000 dozens silk handkerchiefs by order of the Phonix Company was a decided success, nearly full prices being realized.

LATE NEWS IN BRIEF.

-Rustlers in Wyoming are said to be up to their old tricks again. -General Roca has been elected President of the Argentine Senate. An amnesty bill has been passed. -Governor Boies, of Iowa, has issued a relief proclamation in behalf of the Sioux City flood sufferers.

-At Landerdale, Tenn., F.iday night, the home of Abner Gray was destroyed by fire and two children were burned to death. -Since the murder of the four women in Dennison, Tex., last week, bold burglaries in the heart of the town are of nightly occur-

-Baird, the bank wrecker of Madera, Cal., has been convicted on two charges of forgery. Five other similar charges are pending against him. —A young white man, T. J. Williams, was arrested in Sedalia, Mo., Tuesday, charged with the murder of the four women in Den-nison, Tex., last Tuesday night.

—A mob of 3,000 men fought desperately but unsuccessfully at Dallas, Tex., Tuesday night, to take one Miller, a negro murderer, from the jail and lynch him. The Sheriff's determination and the resistance of the jail guards saved the day. Two of the assailants were injured by shots.

—Never in the history of Central Illinois and the great corn belt country has there been such active work by the farmers to put in a corn crop. Every team and every man that can be possibly used is kept husy from morning to night, and, as the rain has ceased, thousands or acres of corn will be planted in the next ten days.

The next ten days.

-Frederick W. Tompkins committed suicide at Ray City Tuesday, by taking carbolic acid. He left the following note addressed to the public: "Don't persecute my children for my faults. I have done this myself. Oh, Orren, God help you. Your object was for money. My blood is on you. God be merciful to me, a sinner." Orren is his brother-inlaw.
